Calculation of Invoices

Weekly rate x 51 (number of weeks nursery is open), divided by 12 months. Exception – when a child starts, leaves or changes sessions part way through a month – this is then charged on a sessions attended basis for that month only.

Less monthly funded hours @ hourly rate of session (number of weeks in term x funded hours per week divided by months in the term)*

Plus monthly meals charge - weekly meal cost during funded hours, ie £30.00 if using 30 hours funding over 3 full days x number of weeks in the term divided by the number of months in that term.

* Spring term 11 weeks of funding and 3 months (Jan, Feb, Mar); Summer term 13 weeks of funding and 5 months (Apr, May, Jun, Jul, Aug); Autumn term 14 weeks of funding and 4 months (Sept, Oct, Nov, Dec)

For an example invoice each term, please see the Admissions, Absence and Fee Charging Policy

Funding

Funded hours are available for a full day (maximum of 10 hours) or a morning or afternoon session on any day Monday – Friday, subject to availability.

All other places are 51 weeks per year. If/when a child is eligible for funding, this is given at the point of delivery and parents are responsible for paying for services outside of funded childcare such as non-funded hours and all sessions outside of the 38 weeks of funding. Meal costs for funded sessions are below and are calculated in the same way as funding on invoices; to find more detailed information on this please refer to our Admissions , Absence and Fee Charging Policy and Funding Information Sheet which you receive prior to starting with us and you are notified when updated via our parent app. We hope this helps you understand the reasons for, and the benefits to you and your child, of the current charges we have in place. If you would like to discuss these with us and what it would mean to opt out of these, please let us know and we can dicuss this further with you.

We are are also happy to chat with you about funding and provide any breakdown you require, where possible.
